IP INTERIORS

IP Interiors was commissioned to transform a rundown 30-year-old 900sq ft flat on Kennedy Road into a light, airy bachelorette pad. The result is a functional one-bedroom apartment with clean lines, modern fittings and plenty of natural light. The colour palette consists of white, grey, taupe, beige and black, giving the interior a decidedly contemporary feel. Other notable features include a white Agape tub, curvaceous washbasins, an Ingo Maurer pendant light, a vintage Chinese mirror and a customised marble mosaic for the guest bathroom. Good design and functional fittings have overcome the spatial limitations of the commission.
